

ABSTRACT:

The goal of the thesis “Analysis of leisure time teachers job satisfaction at houses for children and youth“ is to analyze leisure time teacher profession in terms of job satisfaction. It tries to find out what aspects of job satisfaction are considered to be the most important by the teachers, and how they are reflected to the satisfaction with current situation. Additionally, the thesis designs solutions in those areas where (based on the research) the leisure time teachers see the biggest difference between an importance and a satisfaction.

The theoretical part deals with defining of the terms houses for children and youth, leisure time teachers, leisure education, theory of job satisfaction and factors of job satisfaction.

The practical part is based on the research, carried out in the form of a questionnaire based on four determined hypotheses. The conclusion of the work proposes solution.
